Dear Bill:

I am writing to confirm the discussion we had with the President at the National Drug Policy Board meeting on July 23, 1987.

As we discussed at that meeting, the National Drug Policy Board is mandated by law and Executive Order 12590 to coordinate the Federal drug strategy and to review resource allocations. Therefore, the NDPB will undertake a major project this fall with the Coordinating Groups and the Lead Agencies. The project will review the Federal drug abuse and enforcement strategy and produce an action plan to implement the strategy.

Specifically, I have tasked the Chairmen of the Coordinating Groups to prepare each Lead Agency for a detailed briefing to the Policy Board. The briefing will include that particular strategy with a description of the programs, action plans, measurable objectives, and individual Department's FY 1989 resources allocated for implementation. Following these comprehensive presentations, the Policy Board will make policy recommendations to the President in conjunction with FY 1989 budget process. We will schedule Policy Board meetings for this purpose during October and November.

As part of the preparation for this project, I have tasked the Policy Board staff to review all of the drug-related budget submissions from the Departments to OMB. In this regard, I would ask your assistance in facilitating this project. To accomplish this effort, at the time you send your Department's budget submission to OMB, please forward a copy of those drug-related portions of your budget to the Policy Board. Dave Pickens, Staff Director, will be the point of contact and can be reached at 633-2927.

Dr. Bowen and I know this will require considerable effort on your part as well as the members of your Coordinating Group. But this effort will significantly contribute to the effectiveness of the NDPB in carrying out the President's priorities for the anti-drug program.

Thank you for your leadership in this activity.

Sincerely,
